EIGHTH BIR PG PRIMER COURSE

[EXCLUSIVE PRACTICAL PG COURSE]

13th TO 15th , February 2015

Dear Sir / Madam,

Greetings to you all.

Following the success of the previous BIR PG Primer courses, we are pleased to announce the EIGHTH BIR PG PRIMER COURSE from 13th to 15th, February 2015 at Barnard Institute of Radiology, Madras Medical College, Rajiv Gandhi Government General Hospital .

The teaching course has been designed as a three day intensive coaching program, to build on basic knowledge in order to assist **final year radiology postgraduate candidates preparing for their final examination.**

The course concentrates on clinical applications, systematic approach to image interpretations and pitfalls.

The program consists of special focus sessions, film reading sessions and small tutorial groups (maximum 10 delegates per group).

This provides an opportunity for each student to participate in image interpretation under expert guidance, and ensures two way communication. Sessions are designed to conform as closely as possible to the examination format. Spotters and system wise case discussions will be covered in separate days. There will be continuing feedback assessment throughout the course and a final assessment.

This 3 day premier course is highly recommended for all radiology trainees as the emphasis is on small group tutorials instead of lectures. This is the first of its kind in India.

We solicit your kind cooperation and participation to make the course a grand success.

FACULTY

Prof. T.S.SWAMINATHAN
Prof. M. PRABAKARAN
Prof. K. VANITHA
Prof. N. KAILASANATHAN
Prof. R. MALATHI
Prof. A.P.ANNADURAI
