MACE (MRI AND CT EDUCATION) 2017

“The BIR CME on Basic and Advanced MR & CT techniques”

Radiology is a field which is progressing every day in immense leaps & massive bounds. It is said that knowledge grows only when shared. We, at Barnard Institute of Radiology, strongly believe in this and are conducting regular educational and updating programs for the radiology residents, practicing radiologist.

BRACE the system based CME for the radiologist was first introduced in 2007.

New, innovative techniques and post processing methods are being introduced in cross-sectional imaging every day, particularly in MRI. These often remain an enigma to many of us. To help simplify this, we've decided to focus this CME on “MACE – Advanced CT & MR techniques”. The first MACE CME was started in 2012.

This year we are splitting the sessions into MRI physics corner , MRI practical issues , MRI basics and MRI special techniques and interpretation.

With our “MACE PROGRAMME” we hope all of us will imbibe knowledge and clear all doubts, so as to make our practice of radiology more accurate, more in depth and more practical than theoretical.

A very warm welcome!

OTHER ACADEMIC COURSES CONDUCTED BY BIR

BRACE

Barnard institute of Radiology Alumni Advanced Continuing education (BRACE), the highly successful focused CME is conducted annually by the BARNARD INSTITUTE OF RADIOLOGY and the BIR world wide alumini association. It was first started in 2007 under the then BIR Director Dr. T. S. Swaminathan. The first CME focussed on women's imaging. Each CME subsequent to that focussed on different systems. Since then it has carved a niche for itself.

BIR PG PRIMER COURSE

BIR primer course was started by Professor T.S.Swaminathan, Emeritus professor & former director of BIR & O in the year 2008 for the benefit of exam going residents. This primer course was possible because of the extensive collections of BIR museum first organ 1200 by Dr. Ravi and Dr. Anita, which is growing day by day by new addition of cases by our faculty and pillars of BIR - Residents.

BUS (BIR ULTRASOUND SYMPOSIA)

BUS is an extensive CME conducted by BIR focusing on Ultrasound conducted every 2 years. It was started by Prof. Dr. M. Prabhakar, former Director, BIR and coordinated by Dr. Nesam and Dr. Ramesh.

BIR CASE OF THE WEEK (COW) SESSION - WEEKLY ONLINE QUIZ

This was first started in the year 2011, due to the efforts of Professor. N.Kailasanathan, Dr. S. Babu Peter and Dr. Iyyappan. It has had tremendous response over the past 5 years and is still continuing strong with more than 300 hits per day.
